McKinley Colleges offers most courses during nine-week terms. Courses are selected for each term based on overall student need for specific courses to meet prerequisite and degree requirements. Please use the following 2012 term schedule to help you plan your degree path throughout 2012. In addition, academic advisors are available to assist you through your degree planning process.

Certain introductory-level courses are also offered in four-week mini terms to allow students the flexibility of beginning their studies in the middle of the larger nine-week term. *Online Success Strategies*, GE102, is offered solely in one- or three-week “mini terms.” *Anatomy and Physiology I*, SC150, and *Electronic Health Records Lab*, HM165, are offered solely in four-week mini terms.

McKinley College reserves the right to change this schedule as it deems necessary.
