

# Course Schedules

McKinley Colleges offers most courses during eight-week terms during each 16 week semester. In some cases, courses are offered on a shorter min-term of 4 weeks within the term and semester. Courses are selected for each term based on overall student need for specific courses to meet prerequisites and degree requirements. Please use the following 2018 term schedule to help you plan your degree path through 2018. In addition, academic advisors are available to assist you through your degree planning process. GE102 is an open enrollment course.

McKinley College reserves the right to change this schedule as it deems necessary.
